Star Wars, *The Empire Strikes Back* and *The Return of the Jedi* were record-breaking films in the late 70s and early 80s. Recently, director George Lucas restored the films and added some new special effects.

Star Wars is a classic story of good versus evil. The story is set ‘a long time ago in a galaxy far, far away.’ The Galaxy is ruled by the evil Galactic Empire. Luke Skywalker, a young farmboy, lives on the planet of Tatooine with his aunt and uncle. His aunt and uncle are killed. Soon after this, Luke meets Obi-Wan Kenobi, the last of the Jedi knights in the desert. His life is changed forever.

Obi-Wan Kenobi trains Luke to use the powers of the Force to fight the Empire and its leader, the evil Darth Vader.

Luke is joined by two friendly androids, C-3PO and R2-D2. They team up with Han Solo, a mercenary pilot played by Harrison Ford. The group land on Darth Vader’s spaceship, the terrifying Death Star, and rescue the beautiful Princess Leia. They escape after an exciting battle and the Death Star is destroyed.
